

Common Ground Fair 9/11 Truth Video Loop Playlist

Below is the playlist of a loop of videos designed for use at the 9/11 Truth table at the Maine Common Ground Fair. It consists of a sequence of MP4 files taken primarily from YouTube videos, whose duration and alphanumeric codes are provided here – i.e., [youtube.com/watch?v=xxxxxxxxxxx](https://www.youtube.com/watch?v=xxxxxxxxxxx). The videos were taken either in whole or as a shorter extract. By using the *VLC media player*, they can be used as an ongoing loop, while maintaining the capability to interrupt the loop and go directly to a "track" that might be relevant to a particular discussion with passersby visiting the table.
