Things to mention:

- Plastics break down to microplastics, then stay (especially in ocean):
 - Killing animals, birds, and sea life
 - Concentrating poisons in our food
 - **Give them a copy of our Plastics Facts sheet**
- SWH plastics ordinances
 - At special town meeting in November
 - Public hearing before then
 - Effective early next summer
- **Give them the ordinances summary sheet** and mention briefly
 - Plastic single-use carry-out bags and polystyrene foam containers banned
 - Paper bags charged for
 - Fines after warning
 - Mention exceptions if relevant to this particular store

Impact: How will this impact the store / restaurant / establishment?

Help: Our group is ready to help with any problems.

Offer the alternatives handout and ask what in particular they might want help with or information about. It might be useful to ask who their supplier(s) is/are and note that here.

Support: Does s/he feel supportive of the ordinance, and if not, what are the sticking points that they don't think can be helped?
